

A federal investigator is shown destroying a still seized last Wednesday near the Harlan-Leslie County line. Seized with the copper still were 200 gallons of mash and seven and a half gallons of finished moonshine. One alleged moonshiner was arrested and agents say a second man will be arrested in the near future in connection of the same still. The still was brought to Hazard where it was destroyed Thursday afternoon.

# DEC. 15 AT 10:34 A.M. ANHEUSER-BUSCH ROLLED OUT ITS 10,000,000<sup>th</sup> BARREL OF BEER THIS YEAR!

Never before in history has a single brewer produced ten million barrels of beer in one year. To Anheuser-Busch, of course, this industry record is a tremendous source of satisfaction. But this record is far more than that. It is a clear indication of the successful cooperation of American management and labor... of the continued growth of America's prosperity... of the ability of good products to win ever-increasing acceptance in the marketplace.

Anheuser-Busch beer is produced for enjoyment and refreshment. But ten million barrels of beer produces other things: employment for thousands of people who work in our breweries... income for farmers and for folks who work in the paper, metal, plastic, and glass industries... and funds for federal and state taxes to improve schools, build roads and fight poverty.

This year alone, for example, the beers brewed by Anheuser-Busch will provide more than \$80 million in federal taxes and more than \$45 million in state taxes.

When that ten millionth barrel rolled off the production line, we stopped and drank a toast to the millions of people who enjoy our fine beers. Thanks...ten million of them!

**CITIZENS STATE BANK**  
Main Street Member of F.D.I.C. Hazard

As we enter into this YULE SEASON of CHRISTMAS time, there always seems to be many faces that will be missed during this season. One of my personal friends has journeyed to that great beyond that no man has ever returned. That is C. A. Noble Sr. To so many of you his friends knew him to have a great determination in his practice of law. Which to me was nothing in comparison to his will to live. C. A. was known throughout all Ky. He was considered one of the finest attorneys in the entire state, as well as in other states that he represented clients in. He was a devoted father and his sons are following in his footsteps. He was a man that believed in what God played upon this earth for man to use wisely. As he once stated to me he really didn't realize the importance of our natural resources. I realized that from there on that he was a man that would be dedicated to what so many of us knew the needs of our Community. He was a man that would admit his faults, yet on the other hand he stated that he would do all he could to improve these mountains and its waters to what he stated that we must preserve for future Generations. He was the type of man that loved his surroundings which were the mountains, also its peoples. I dare say for all the advice he has given in regard to legal matters if he had only charged a small part of the fee, I for one like he did we will not estimate the dollars that would have been evolved toward his personal gain. The many over these long period of years will long remember these services that was rendered by a mountain man that loved his mountain people.

To this devoted family as I have known them, may the powers of a greater source offer more solitude than this writer of this column. It becomes and believes all of us at a loss of friends to use the type of words that should come from statesmen of the profession that Mr. Noble was so endowed in. To all of you the family and friends I would like to express the condolences of all the readers of this column in regard to a familiar face and friend of so many that will no longer be expected to be met on our streets of Hazard any longer.

#### THE TIME IS DRAWING NEAR

Yes the Christmas season is on us, this will no doubt be the last column of the Roundup that will appear this year. Many of you are moving back to the States and many of you are moving back to the States. Let me urge you all to use extreme care in the holidays in regard to the hunting and you will be able to get your wishes granted. On your many roads home let me suggest that you use utmost care in DRIVING HOME THIS YEAR. While here let me suggest that you also use extreme care in only using short distances to pay a visit to a loved one. Let's all use extreme care of all the HOLIDAYS. Let's all be safe and sound one, let's all get to our destination safe and sound, then we can have and have a big time. Many of your children will have to learn all over to speak the language of us Hill Folks. By Grandpa I isn't too bad. Many of you fathers and mothers have gone a long way to greet these youngsters of the flat country.

Many of them will be sick for a short period, after not having real biscuits, and corn

bread put on the table, plus a little sow belly and the likes of real food. I think it will do you all a lot of good to get your craw cleaned out a little from all that soft food that you eat too much of. I can smell good coffee, and fat back. Cooked on a wood or coal fire, eggs to me are out of this world cooked on this type fire. I know you are going to enjoy yourselves, have a big visit and come to see us more often. Some of you I am sure will help with a hog killing. I don't think I have ever seen a Christmas complete with out going some where to see this and by granny to help with it. Fresh back bones, and all the trimmings, such as Kraut and the likes, nothing can beat it can it? Unless it would be a mess of Shuckey Beans on the side. Of course a dried pumpkin always fits into a fine meal. For Desert a heaping bowl of SHUCKEY BEANS WILL GET THE JOB DONE.

#### SO SORRY TO HEAR

Of you leaving this area JUAN CRUZ, who has been here with the Social Security offices here in Hazard for the past two years. He says to tell all his friends and so many of the fine people that he has come in contact with, that he and his family sure hates to say goodbye.

Juan is going back to his native state Puerto Rico and will locate in the City of Ponce Puerto Rico. Juan, it is nice that you can transfer back to your home, and don't forget us and let your friends hear from you. I hope that you are taking a subscription of The Hazard Herald back with you. Bon Voyage Juan and Family.

Folks, speaking of the Social Security, now is the time of year that you should be checking up on yours. Don't wait until the age comes upon you to start finding out your status, do it now. I am sure that you will find the friendly personnel at your local Social Security offices always ready and willing to help you with all of your problems. You know the coming of a New Year is always a good time to take inventory of many things.

#### THE HOLLIDAY

Season from many years back since the time our forefathers landed upon this continent, during this season hunting was not only a favorite pastime, it was an essential act to provide food for the table. Today many turn to our fields and woods to pass away a few hours of recreation. Let me urge you all to use extreme care in the holidays in regard to the hunting and you will be able to get your wishes granted. On your many roads home let me suggest that you use utmost care in DRIVING HOME THIS YEAR. While here let me suggest that you also use extreme care in only using short distances to pay a visit to a loved one. Let's all use extreme care of all the HOLIDAYS. Let's all be safe and sound one, let's all get to our destination safe and sound, then we can have and have a big time. Many of your children will have to learn all over to speak the language of us Hill Folks. By Grandpa I isn't too bad. Many of you fathers and mothers have gone a long way to greet these youngsters of the flat country.

As a suggestion many of you will give guns, air rifles to your kids as a present, please be sure that your boy that receives such gifts really knows the answers to gun safety. Archery equipment can be equally as dangerous, don't just call it a bow and arrow. No, it will not kill at the distance of a gun, but it can be as deadly within its range. I know you love your kids, let's protect them by first learning them of the weapons they might receive this XMAS. It only comes once a year, let's all do our part to make it a safe and sound one, regardless of hunting, driving or whatever you might be doing. Don't let the Spirit of the HOLIDAYS carry you beyond your means of enjoyment of the season. MERRY XMAS.

## Napier Hits Century Mark Baker Gets 32, Combs Tabs 24

The M. C. Napier Navajos hit for the century mark for what is believed to be the first time in the history of the school. Albert Combs' charges hit the triple figure column with a topsided 103.62 win over Leatherwood in Memorial Gym Friday night.

Napier led 19-6 after one period and never let up until the 103 mark registered on the board.

Sharpshooting Brack Baker led all scorers with 32 points, Eddie Combs has his best night of the season with 24 and Mark Fugate tallied 15 for the winners.

Vern Holbrook topped Leatherwood scoring with 20, Paul Caudill settled in before fouling out in the third period, and Winfred Lewis tallied 10.

Napier's Albert Combs said after watching his team post the easy victory, "We didn't get on the boards like we should have and our defense wasn't as

good as it could have been". Combs informed his Redskins that they were going to hit the boards more in their next outing, which will be against the Cordia Lions on January 2nd.

## Hazard Heads 14th Region With 70.1

According to the latest Lit. ratings, announced this morning Hazard is a little bit closer to the top twenty-five.

The Bulldogs are 70.1 just 4 out of the state's elite.

## State Park Facilities To Be Closed December 25-27 For Holidays

All State park facilities including the dining rooms and lodges will be closed December 25-27, State Parks Commissioner Robert D. Bell has announced.

Only watchmen and security personnel will be on duty during the three-day period. Facilities at four State resort parks and all museums will reopen for business as usual December 28. These are vacation type parks with overnight accommodations at Kentucky Dam Village, near Gilbertsville; Jenny Wiley, near Prestonsburg; Cumberland Falls, near Corbin; and General Butler, near Carrollton. The other vacation parks closed in November and will reopen in the spring.

Reservations for the 1965 season for all 13 vacation-type parks, Bell said, will be accepted being accepted beginning January 1. The Central Reservation Office in Frankfort will reopen January 15.

Direct lines are available to the Frankfort reservation center from Louisville (583-9796), Lexington (252-4913), and the Covington-Cincinnati area (261-2843). The Frankfort number for those not able to use these lines is 223-2326.

Total attendance at Kentucky State parks this year is expected to reach 14 million, an increase of some 3 million over last year's previous high of 11,477,077.

**Church's Youth Plan Christmas Films**

The youth of the Maple Street Church of God have scheduled two outstanding Christian Christmas films for their holiday program. Both are produced by Family Films Inc.

The first one titled "Birth Of The Saviour" describes the glorious event of Christ's coming into the world among mankind. The second film is a brand new released film titled "Three Wise Boys" and tells the heartwarming and tender story of three small boys who find a mother and her tiny infant son in an abandoned old lonely house.

How the boys react makes for one of the most wonderful Christmas stories possible.

There is no charge of course for worshiping that evening of the film, and Young Peoples' Endeavor urges the public to attend the film program.

Following the films, there will be a Christmas social of refreshments in the church dining room for all attending and who wish to remain. The films are scheduled for December 23rd at 7:00 p.m.

## Viper Children Happily Awaiting Santa Claus

By Louise Brummett

Your correspondent and children, Brenda and Estill Glenn, spent the day Wednesday, December 9, with Mrs. Norris Brahear. We had lots of fun helping Lena decorate her Christmas tree.

Mrs. Mary Ann Adkins is on the sick list. She has the flu. We want to wish her a speedy recovery.

Our deepest and sincerest sympathy goes out to the Sumner's family in the death of their son, Michael Sumner. He was a student at Dilce Combs Memorial High School and a friend of my son. He will be missed by all his friends and classmates.

Christmas is near. Everyone is busy getting ready for Christmas. Mary Ann and Beatrice Adkins, your correspondent and daughter, gathered pine for decorations December 10. We had a wonderful time despite the weather. All the children are happily awaiting Santa Claus.

I am happy to report that Eli Brashear is able to return to work. He was at home for a few days suffering from the flu.

Mrs. Laura Catron is ill at her home with bronchitis. We wish for her a speedy recovery. We are surely having some pretty warm weather for this time of year.

Mrs. Mary Ann Adkins and Beatrice Adkins were Monday night guests of your correspondent.

dent and family.

Mr. and Mrs. Roy Moore, of Cincinnati, Ohio, were the weekend guests of Mr. and Mrs. Homer Moore.

Emma Moore is on the sick list. She has a cold and a stiff neck. We wish for her a speedy recovery.

#### Stork Shower Honors Mrs. Sizemore; Pvt. Maggard Completes Schooling

By R. B. Colwell

Mr. Floyd Colwell surprised everyone the other day. He just got up and went to Dayton, Ohio, with his son, Ray Colwell. This is the first time that he has gone anywhere to stay any time in 30 years. He will return the 24th of December. He is 63 years old.

Mrs. Bertha Maggard and Mrs. Curt Baker, of Yerkes, held a stork shower for Mrs. Elige Sizemore, Jr. Mrs. Sizemore is the daughter of Mr. Cash Gibson at Napfor. She received many nice gifts. We all wish her luck.

Mr. Kenneth Oliver, son of Frankie Oliver at Yerkes, went

to the Army Monday. Also, Elige Baker of Yerkes also went. He is the son of Willie Baker of Yerkes. We wish them luck in serving their country.

Pvt. Robert Maggard, Jr., son of Mr. Robert Maggard, of Yerkes, has completed his high school in the Army. He is in Korea. He is now ready for college which he intends to take also. We are proud of him.

Mrs. Lula Baker is still on the sick list. She is at her son's house on Forked Mouth. She has cancer of the head. There will be church at the home ever Friday night with the Rev. Sherman Wooton bringing the message.

### COUNTY AGENT'S NOTES

#### Pointers Outlined for Fruit Program

Paul Keen — County Agricultural Agent

To remove hiding and breeding places for diseases and insects:

1. Mow the sod area; rake and remove from the orchard.

2. Remove all fruit from trees and ground.

3. Remove and burn all trees that infill bitter rot. To control mice in orchards:

1. Clean an area around tree four feet in diameter.

2. Place zinc-phosphide treated sliced apples or carrots in runways or under slabs near trees.

3. Or broadcast 20 lbs. per acre or place under slabs strychnine-treated grain.

To control rabbits in orchard:

1. Make a sleeve of galvanized hardware cloth up to croch of tree.

2. Or wrap trunk with newspaper, wrapping paper, or aluminum foil.

3. Or spray trunk with rabbit repellent.

Setting Fruit Trees

Tree ripened fruits in general are much better than commercial, greenpicked fruit. Most commercial fruit varieties do not have high quality

possible in varieties better adapted to home use. Fruits are an excellent source of Vitamin C and yellow fleshed fruits are good sources of Vitamin A. Fruits act also as a tonic in keeping the digestive system in order, and aid in the digestion of other foods. Large savings can be made by growing fruit. There is much satisfaction in growing good quality fruit.

The size of orchard should be determined by available space, site, size of family and amount of time available. The orchard should never be larger than grower can care for properly. Where space is limited there may be room for only a few dwarf trees.

Several varieties of fruit maturing at different times will prolong the harvest season. Characteristics such as adaptation for storing, canning, freezing, jams or jellies should be considered. Winter hardiness and resistance to diseases should also be considered.

Some recommended varieties for Kentucky are:

Early — Yellow Transparent or Lodi.

Summer — McIntosh, Wealthy, Pelly Eades, or Jonathan.

Fall — Stayman Winesap.

Furley, Red Delicious, Golden Delicious, or Rome Delicious.

PEAR VARIETIES — Tyson, Maxine, Kieffer.

PEACHES: Early Red Fre, Red Haven, Sun Haven, Golden Jubilee, Richaven, Halehaven, Georgia Belle, Elberta.

PLUMS: French Damson, Green Gage, Stanley Plum, Italian Plum.

CHERRIES: Sweet—Gov. Wood, Napoleon, Windsor.

SOUR — Early Richmond, Montmorency.

GRAPES—Black, — Fredonia, Concord, Sheridan, White — Portland, Niagara, Golden Muscat.

Red — Caro, Lucile, Lindley, Delaware.
